

7.2 Hazardous Material Abatement

7.2.1 Asbestos Procedures

The University has developed and implemented a comprehensive Asbestos Management Program, to actively manage all asbestos-containing materials in University facilities, infrastructure, and all activities, which may disturb asbestos-containing materials, including maintenance, alteration, and repair operations.

The Asbestos Management Program clearly defines and stipulates the responsibilities of all workplace parties involved in the development, administration and implementation.

The UofC Asbestos Management Program can be found at <http://www.ucalgary.ca/safety/asbestos>.
