Qualifications/C

Required – Current Standard First Aid Certification or Wilderness First Aid Certification for isolated (remote) areas.

Control Measures:

1. Ensure the University complies with Transport Canada – Canadian Coast Guard regulations (Please see small vessel regulations SOR/2010-91)
2. All participants must wear a PFD while rafting and while on docks.
3. When applicable, a motorized vessel should be available to provide assistance and rescue. Otherwise a raft with a competent leader/instructor must be designated as a rescue raft and be on the water at all times while students are rafting.
4. All participants must wear footwear.
5. Gear must be effectively packed and secured in the rafts.
6. A vehicle for emergency purposes should be accessible.
7. Carrying a communication device and first aid kit in a waterproof case
8. Ensure the University has competent routing skills and has discussed the route with the teacher in charge.
